1. RECEIVING YOUR Chromebook & Chromebook CHECK-IN

1.1 Receiving Your Chromebook

Chromebooks will be distributed at the beginning of each school year during “Chromebook Orientation.” Parents & students must sign and return the Student Pledge documents before the Chromebook can be issued to their child. In order for this endeavor to be successful, it will take a joint effort between the students, staff and parents to ensure the success of this program.

1.2 Chromebook Check-in

Chromebooks will be returned during final week of school so they can be checked for serviceability. If a student transfers out of St. John-Hudson High School during the school year, the Chromebook will be returned at the time of withdrawal.

1.3 Check-in Fines

1.3.1 District-owned Chromebooks and accessories must be returned to the St. John-Hudson High School Tech Office at the end of each school year. Students who graduate early, withdraw, are suspended or expelled, or terminate enrollment at SJHS for any other reason must return their individual school Chromebook on the date of termination.

1.3.2 If a student fails to return the Chromebook at the end of the school year or upon termination of enrollment at SJHS, that student will be subject to criminal prosecution or civil liability. The student will also pay the replacement cost of the Chromebook. Failure to return the Chromebook will result in a theft report being filed with the St. John-Hudson Police Department.

1.3.3 Furthermore, the student will be responsible for any damage to the Chromebook and must return the Chromebook and accessories to the SJHS Tech Office in satisfactory condition. The student will be charged a fee for any needed repairs, not to exceed the replacement cost of the Chromebook.

2. TAKING CARE OF YOUR Chromebook

Students are responsible for the general care of the Chromebook they have been issued by the school. Chromebooks that are broken or fail to work properly must be taken to the Tech Office for an evaluation of the equipment.

2.1 General Precautions

2.1.1 The Chromebook is school property and all users will follow this policy and the SJHS acceptable use policy for technology.

2.1.2 Only use a clean, soft cloth to clean the screen, no cleansers of any type.

2.1.3 Cords and cables must be inserted carefully into the Chromebook to prevent damage.

2.1.4 Chromebooks must remain free of any writing, drawing, stickers, or labels that are not the property of the St. John-Hudson School District.

2.1.5 Chromebooks must never be left in an unlocked locker, unlocked car, or any unsupervised area.

2.1.6 Students are responsible for keeping their Chromebook battery charged for school each day.

2.1.7 Students will have the same Chromebook for the life of the Chromebook (senior Chromebooks will go to next year’s freshmen).

- 2.2 Carrying Chromebooks
 - 2.2.1 A protective case/cover for the Chromebook is required to help protect the Chromebook and provide a suitable means for carrying the device throughout the day.
 - 2.2.2 St. John-Hudson School District will provide a basic case for each students' Chromebook.
- 2.3 Screen Care
 - 2.3.1 The Chromebook screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.
 - 2.3.2 Do not put unnecessary pressure on the top of the Chromebook.
 - 2.3.3 Do not place anything near the Chromebook that could put pressure on the screen.
 - 2.3.4 Do not place anything in the carrying case that will press against the cover.
 - 2.3.5 Clean the screen with a soft, dry cloth or anti-static cloth.
 - 2.3.6 Do not "bump" the Chromebook against lockers, walls, car doors, floors, etc. as it may crack or break the screen.

3. USING YOUR Chromebook AT SCHOOL

Chromebooks are intended for use at school each day. In addition to teacher expectations for Chromebook use, school messages, announcements, calendars and schedules may be accessed using the Chromebook. Students should bring their Chromebook to all classes, unless specifically instructed not to do so by their teacher.

- 3.1 Chromebooks Left at Home

If students leave their Chromebook at home, they are responsible for getting the course work completed as if they had their Chromebook present. If a student repeatedly leaves their Chromebook at home, they will be subject to appropriate disciplinary action.
- 3.2 Chromebook Undergoing Repair

Loaner Chromebooks may be issued to students whose machine is being repaired.
- 3.3 Charging Your Chromebook's Battery

Chromebooks should be charged to full capacity each day before they are brought to school. Repeat violations will result in appropriate disciplinary action being taken.
- 3.4 Screensavers/Background photos

Students will have the ability to customize their Chromebook (screen background). Appropriate media will be used.
- 3.5 Sound, Music, Games, or Programs

Students will have the ability to download and install apps from the Google Play store.

 - 3.5.1 Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.
 - 3.5.2 Appropriate music is allowed on the Chromebook. Ear buds/headphones may be used in the classroom based upon individual teacher approval. During passing periods, students may not use ear buds/headphones. Students are not to be using their Chromebook while walking down the hall during passing periods.
- 3.6 Printing

Printing services will be available with the Chromebook. Students should talk to their teachers about the need to print and printer availability. Students will be given information and instruction on printing with the Chromebook at school.
- 3.7 Home Internet Access/Printing

Students are allowed to set up additional wireless networks on their Chromebooks. This

will be necessary to use web based services outside of the school setting. Printing at home will require a wireless printer, proper settings on the Chromebook, an e-print compatible printer and possibly an additional app or software on your home computer/printer.

3.8 Personal Apps

Students may install appropriate personal apps on their Chromebook via their Google account. USD No. 350 will, within reason, provide configuration settings that will not allow inappropriate content/apps/music to be installed on the Chromebook. This does not, however limit what can be downloaded to the students individual Google account or other personal device. In the event storage space becomes an issue on individual Chromebooks, student music, photos and apps will need to be deleted. Students who abuse this privilege may have the Google App Store removed from their device and may only be given access to District-required apps.

3.9 Chromebooks and Extra Curricular Activities

Coaches/sponsors for individual activities may limit whether or not Chromebooks are allowed to be on buses or at particular events.

4. MANAGING YOUR FILES & SAVING YOUR WORK

4.1 Saving to the Chromebook/Home Directory

Students should save work to the Chromebook. It is recommended students regularly back up data to another storage device or Google Drive (Google's cloud storage service). Limited storage space will be available on the Chromebook—Data will NOT be backed up in the event a Chromebook has to be re-imaged or restored to factory settings. It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. Chromebook malfunctions are not an acceptable excuse for not submitting work.

5. SOFTWARE ON CHROMEBOOKS

5.1 Originally Installed Software

The apps and operating system originally installed by USD No. 350 must remain on the Chromebook in usable condition and be easily accessible at all times. From time to time the school may add additional apps and OS upgrades. Periodic checks of Chromebooks will be made to ensure that students have not removed required apps or installed inappropriate material.

5.2 Additional Software

Other apps may be added by the school or the student throughout the school year. Any required apps that have a cost associated will be purchased by the District.

5.3 Inspection

Students will be selected at random to provide their Chromebook for inspection. Chromebook use and contents will also be monitored remotely.

5.4 Procedure for re-loading software

If technical difficulties occur, the Chromebook will be restored from a backup or will be re-set to factory. The school does not accept responsibility for the loss of any apps or documents deleted due to the necessity of a re-format and/or re-image.

5.5 Software upgrades

Upgrade versions of licensed software/apps are available from time to time. Students may be required to check in their Chromebooks for periodic updates and syncing. Operating systems with ChromeOS devices change. SJHS will notify students on how to update apps, should updates be necessary.

- 5.6 Technology Support
Technology support for Chromebooks will be available during the normal business day at St. John-Hudson High School between the hours of 7:50 and 3:40. After hours support will not be available.
- 5.7 MDM Profiles Installed By The District
MDM Profiles installed on Chromebooks are not to be removed. Students who do not have active profiles on their Chromebooks or who remove profiles will be subject to appropriate consequences.

6. ACCEPTABLE USE

The use of the SJHS School District’s technology resources is a privilege, not a right. The privilege of using the technology resources provided by the St. John-Hudson School District is not transferable or extendible by students to people or groups outside the district and terminates when a student is no longer enrolled in the St. John-Hudson School District. This policy is provided to make all users aware of the responsibilities associated with efficient, ethical, and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school district technology resources may be denied, and appropriate disciplinary action shall be applied. The St. John-Hudson School District’s Student Code of Conduct shall be applied to student infractions.

Violations may result in disciplinary action up to and including suspension and/or expulsion for students. When applicable, law enforcement agencies may be involved.

When students are not using their Chromebooks, they should be stored in a locked locker. Nothing should be placed on top of the Chromebook. Students are encouraged to take their Chromebooks home every day after school, regardless of whether or not they are needed. Under no circumstances should Chromebooks be left in unsupervised areas. Unsupervised areas include the school grounds and campus, commons area, the lunchroom, locker rooms, library, unlocked classrooms, dressing rooms and hallways.
