Topics covered in the meetings will be pertinent to those expected to be in attendance. These meetings will require an agenda the day before each meeting. If the meetings are canceled, every teacher will be notified before that day. Teachers in more than one building should only attend two faculty meetings per week.

Section B. Released Time - Preparation Periods

1. All teachers will normally be granted at least fifty (50) minutes daily when they are released from direct supervision of their students. This is intended to be used for both instructional preparation and personal relaxation. In preparing calendar options, the committee shall include the following holidays and the minimum number of days as indicated for each holiday.

Thanksgiving 3 school days
Winter Break 7 school days
Spring Break 5 consecutive school days
Good Friday 1 school day
Memorial Day 1 school day

The board shall have the right to increase the number of vacation days in adopting the school calendar. The calendar committee will accept suggestions from staff up until January 1. Options for the calendar for the following year will then be developed by the committee to be presented to the Board.

ARTICLE VII. LEAVES

Section A. Sick Leave/Disability Leave

1. On the first day of school, of each school year, each teacher will be allowed **eight (8)** sick leave or disability leave days. These will be used to cover absence due to teacher's illness or disability, or illness or disability in the teacher's own family, and may be taken in quarter hour increments. Six and three quarter hours would constitute one school day. The Board reserves the right to request a statement from the teacher's physician verifying the period of illness or disability. A maximum of ninety (90) days can be transferred from one year to the next.
2. In the event **that accrued sick days** cause the maximum of ninety (90) days to be exceeded, and provided the excess above ninety (90) is not used during the school year, a teacher will be paid at the rate of twenty dollars (\$20.00) per day for any days above the maximum.
3. In addition to the above, the Board establishes a sick leave/disability leave bank. The Board will contribute fifteen (15) days annually to the bank, and if any of the days are unused, said days may be allowed to accumulate to a maximum of ninety (90) days. Teachers can choose to join the sick /disability bank through the donation of one day of sick leave. **If the bank is at the maximum level, teachers will not be required to donate a day to join.** Additional single days would be requested from members of the bank at any time during the year that the total days remaining drops below 15 days. Days become the property of the sick leave bank committee to distribute. **Maternity/paternity leave is not a qualifying use of the sick leave bank.** Sick leave bank members can decline to continue as part of the bank anytime additional days are requested to replenish the minimum days for the bank.
4. Annually, a building principal will be appointed by the Board and two teachers will be selected by the Association. These three people will serve as a committee whose primary responsibility will be to approve or disapprove requests from the teaching staff for additional sick leave/disability leave days.
5. Requests for the additional sick leave/disability leave days will not be considered until the requesting teacher has exhausted all of the sick leave/disability leave and personal leave days he/she has available.
6. After four or more years of service in USD 350, a teacher with accumulated sick leave/disability leave will be paid twenty dollars (\$20.00) per day for any unused sick leave/disability leave upon their retirement or resignation. Other than specifically provided for in this Agreement, the District will not pay for unused sick leave/disability leave benefits when an employee leaves the employ of the District.

Section B. Personal Leave

1. The Board realizes that occasions arise throughout the year when employees need to be absent from duty for causes other than personal illness or illness in the immediate family. Personal leave, not to exceed **five (5)** days in any one school year, will be granted. Personal leave should be requested 5 days in advance if possible.
2. Personal leave when granted will be taken in quarter hour segments. Six and three quarter clock hours would constitute one school day.
3. Should any teacher(s) desire to use personal leave the day before or the day after scheduled vacations, no more than four (4) teachers will be granted leave on any given day. Should more than four (4) teachers apply for leave, the first four (4) making application will be granted leave.

Personal leave will not be granted during the last week of school unless approved by the building principal.

4. Personal days do not accumulate each year. Teachers will be reimbursed for unused personal leave days each year at the rate of \$60 per day. Teachers may choose to convert up to two (2) personal days to sick leave in order to carry sick leave to the next year. These days will be reimbursed at a rate of \$40 per day (rather than \$60) upon converting to sick days. Payments will be made at the end of the teaching year or in the July paycheck for days teachers do not carry over.
5. ~~Teachers who use their available personal days may convert up to three sick days to personal days during the school year. Sick days can only be converted for immediate use and not to create a balance of personal days.~~

Section C. Bereavement Leave

1. Each certified employee shall be allowed three (3) days of bereavement leave during a school year. Exceptions to this policy may be made at the discretion of the Superintendent of Schools on an individual basis. Accumulated sick leave may be used for additional bereavement leave. Bereavement leave for family or close relatives or anyone living in the house will be arranged through the Superintendent of Schools. Bereavement leave is non-accumulative.

Section D. Professional Leave

1. The Board may grant teachers leave for professional meetings such as regional, state, and national meetings; serving on evaluation teams, and visiting classes or visiting innovative programs in another school system.
2. If the teacher receives any monetary compensation for services at such meetings other than meals, lodging, and mileage, then the absence must be termed personal.

Section E. Sabbatical Leave

1. **Purpose.** The sabbatical leave policy is designated to provide opportunity to engage in professional experiences having a major focus on self-improvement.
2. **Qualifications.** The applicant must have been employed in the school district for at least seven (7) consecutive years. Absence from the service for a period of not more than one (1) year under a leave of absence with or without pay shall not be deemed a break in continuity of service. The applicant must not have been granted a sabbatical leave of absence from the district during the seven (7) consecutive years of service immediately preceding the current application.

The applicant must sign a note agreeing to return to service with the district, for one (1) school year, immediately upon termination of the sabbatical leave.

3. **Application.** Applications shall be filed with the office of the Superintendent by March 1 for leave beginning the following September. For leave beginning the second (2nd) semester applications shall be filed by November 1. Applicants requesting sabbatical leave commencing in September shall be notified by March 15 as to the status of their application. Applicants requesting leave commencing the second (2nd) semester shall be notified by November 15 as to the status of their application. Applicants for sabbatical leave shall include an outlined plan for the period requested with their application forms. This plan shall be indicated on the application form or as an attached statement and shall include details of a project such as research, writing and travel to be pursued independently by the applicant.

4. **Status While on Sabbatical Leave.** A teacher on sabbatical leave shall be considered to be in the employ of the district and shall have a contract as provided for in Kansas Statute 72-5410 et. seq. However, the leave, if granted, will be without pay.

Teachers on sabbatical leave shall be entitled to participate in any and all benefits that may be provided other contracted teachers by the Board; however, it will be the obligation of the teacher to provide full payment to the District for all benefits at least one month in advance of the due date.

5. **Status on Return From Sabbatical Leave.** A teacher returning from sabbatical leave shall be restored to his former teaching position or to a teaching position for which the teacher is certified. Vacancies created by a sabbatical leave shall be filled on a temporary basis.
6. **Sabbatical Committee.** All applicants for sabbatical leave shall be reviewed by a committee composed of seven (7) members. Three (3) of these shall be appointed by the Association and three (3) by the Superintendent. The Superintendent shall serve as the seventh member of the committee.
7. **Selection.** The Sabbatical Committee shall make the final selection from the list of applicants. Annually, one (1) teacher from one of the three (3) levels (elementary, junior high, senior high) shall be granted sabbatical leave upon application and approval.

Leaves will be granted on a rotational basis as follow:

SENIOR HIGH – 2022-2023 school year
ELEMENTARY – 2023-2024 school year
JUNIOR HIGH – 2024-2025 school year

If an application is not received from a particular level, for the year designated, the applicant will be selected from the next level as designated above.

Section F. Jury Duty

1. Teachers may be granted leave to appear in court or to answer a jury summons or court subpoena. There will be no deduction in salary for said jury duty or court subpoena leave. Teachers may keep any compensation received for jury duty.
2. Leave will not be granted with pay where the litigation is against USD 350 or its board of education and the teacher is supporting the litigation.

Section G. Association Leave

1. Association members will voluntarily establish a pool of Association leave days (from their allowed sick leave days), to be used for Association meetings, Association business, or Association conference attendance. Use of these days is not to exceed five teachers per day.

ARTICLE VIII. INSURANCE BENEFITS

Section A. IRC Section 125 Cafeteria Employer Paid Plan

1. The Board establishes an IRC Section 125 Cafeteria Salary Reduction Plan whereby each eligible professional employee has the right to reduce his/her compensation in the amount

necessary to purchase from those nontaxable benefits contained in the plan and selected by the employee.

2. The nontaxable benefits contained in the plan are (1) health insurance (including hospitalization, dental and cancer insurance); (2) short-term disability insurance (salary protection); (3) group term life insurance; (4) medical reimbursement; and (5) dependent day care.
3. The above benefits shall be provided by a company, or companies, approved by the Board of Education.

Section B. Health Insurance

1. The Board of Education of USD 350 and the St. John-Hudson Teachers Association agree that it is in the best interest of the two parties to maintain and strengthen the District's health insurance plan. In order to accomplish this, the participation of the professional employees in the plan must be maintained, and if possible increased.
2. To this end, the Board of Education of USD 350 agrees to provide \$8,916 to be applied to the purchase of membership in the district health insurance plan. Employees must purchase a single dental plan in order to qualify for this benefit.
3. The health insurance benefit covers a 12-month period and shall be renewable annually at the coverage level determined by the employee, subject to provider limitations. The coverage becomes effective on October 1 (or the normal play year start date) of the year in which the employee enrolls. For those employees who complete their employment contracts for the school year, health insurance coverage continues for the entire 12-month period until September 30 (or the normal plan year end date). Should the district's group health insurance provider require an end to coverage before that date, the district will continue to pay its portion of the health insurance premium for a former employee as COBRA coverage until September 30 (or the normal plan year end date) or until the former employee becomes eligible for coverage under a new employer's plan. Employees whose employment has been terminated or who have resigned before the completion of the contract will have coverage terminated upon termination or resignation.
4. Retirees may continue health insurance through the district at the retiree's cost subject to the insurance provider allowing this practice and is subject to regulations of the insurance provider. The retiree would need to carry a single dental policy to qualify for the health coverage.

ARTICLE IX. GRIEVANCE PROCEDURE

Section A. Purpose

1. From time to time, staff members in this school system may have grievances. If allowed to go unresolved, they have a damaging effect on teaching efficiency. They normally arise from misunderstanding rather than from bad intention. A good procedure for resolving them is of extreme value to the school system and the community it serves.
2. The purpose of this procedure is to provide for the orderly and expeditious adjustment of grievances of employees of Unified School District Number 350, Stafford County, at the lowest level.

Section B. Definitions

1. Grievance shall mean a complaint by a teacher or group of teachers based on an alleged violation, misinterpretation, or misapplication of the Collective Negotiations Agreement, a board policy, administrative regulation, practice or action affecting conditions of employment.
2. Grievant means the person or persons filing the grievance.

Section C. Procedures

1. In General, the adjustment of grievances shall be accomplished as rapidly as is possible. To that end, the number of days within each step is prescribed to be accomplished shall be considered as maximum and every effort shall be made to expedite the process. Under unusual circumstances, the time limits prescribed in this statement may be extended or reduced by mutual consent of the grievant and the person or persons by whom this grievance is being considered.

Level 1. A grievant shall first take up his grievance with his immediate administrative superior in private informal conference(s). This need not be in writing. Every effort shall be made to adjust the grievance in an informal manner.

If the grievant is dissatisfied with the outcome of the initial private conference(s), he may request a formal conference with his immediate supervisor. Every effort should be made to develop an understanding of the facts and the issue in order to create a climate which will lead to a solution. The formal conference shall occur within five (5) school days of the last informal conference. The grievance shall be presented in writing.

Level 2. In the event that the grievant is not satisfied with the disposition of his grievance at Level 1, or in the event that no decision is reached within ten (10) school days after the presentation of the grievance, he may appeal the matter in writing to the Superintendent of Schools within fifteen (15) days after the formal conference.

If the grievant appeals the grievance to the Superintendent, the Superintendent or his designated representative shall confer with the grievant in an effort to arrive at a satisfactory solution within five (5) school days after the appeal has been received by the Superintendent.

If the grievant does not appeal the grievance to the Superintendent within fifteen (15) school days after the formal conference at Level 1, the appeal of the grievance shall automatically be waived.

Level 3. If the grievance is not adjusted to the satisfaction of the grievant or if no decision is made thereon within five (5) school days after the date the grievance was filed with the Superintendent or his designated representative under Level 2, then the grievant may appeal the grievance to the Board of Education for the purpose of adjustment of the grievance by submitting a written request to the clerk of the board within five (5) school days after the Superintendent or his designated representative has rendered a decision or after the expiration of said five (5) school days.

The Board of Education shall within thirty (30) school days after receipt of the written request, meet and confer with the grievant and render a decision to be submitted to the grievant in writing.

Section D. Rights of Teachers to Representation

1. No reprisals of any kind will be taken by the Board or by any member or representative of the administration against any grievant, any party in interest, any grievance procedure by reason of such participation.
2. A teacher may be represented at all stages of the grievance procedure by himself or at his option, by a grievance representative selected by the Association. The grievant must be present as the grievance proceeds through all levels of the procedure. A written release or waiver of confidentiality from the grievant is required to share information with those participants designated appropriate by the grievant in confidential matters relating to the grievance.
3. If the Local Teachers Association is the grievant, the appointed representative of the association will be the grievant present.

Section E. Supplemental Conditions

1. All individuals involved, and all others who might possibly contribute to the acceptable adjustment of a grievance, are authorized and urged to testify with full assurance that no reprisal will follow by reason of such participation.
2. Upon the final determination of the grievance, the documents, communication and records, excepting a record of the grievance and the final adjustment thereof, and excepting records required by law to be kept and maintained, shall be destroyed.
3. At each step of the procedure, the grievant shall be entitled to be accompanied by legal counsel or any other parties the grievant may designate.
4. All grievance hearings shall be confidential.
5. All discussions and hearings shall be conducted at times other than when classes are in session during the school day.
6. It is the responsibility of the grievant to utilize the procedure for adjusting grievances as soon as he is aware of grievance.
7. Excluded from the grievance procedure shall be matters for which law mandates another method of review.
8. The filing of a formal grievance at all levels shall be in writing and shall be reasonably specific as to the nature of the complaint. The grievance should, to the extent possible, describe the alleged event or act giving rise to the grievance including the time, date, and place of the event or act and the names and addresses of any witnesses thereto. The grievant must file Grievance Report Form, Appendix "A".
9. Nothing in this grievance procedure shall be construed as prohibiting a grievant from seeking a judgment or ruling in a court of law.
10. The number of days indicated at each level should be considered as a maximum and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement.

11. In the event a grievance is filed at such time that it cannot be processed through all the steps in this grievance procedure by the end of the school year and if left unresolved until the beginning of the following school year could result in irreparable harm to the grievant, the time limit set forth herein shall be reduced so that the grievance procedure may be exhausted prior to the end of the school year or within a maximum of thirty (30) days thereafter.
12. If the Board or any of its administrative staff do not present a written decision within the time allotted after the grievance hearing, such failure to act shall be an admission that the grievance was justified and the grievant shall receive the remedy he is seeking.

ARTICLE X. NON-RENEWAL OF CONTRACTS

Section A. Reduction in Personnel

1. Should the reduction in personnel become necessary when two (2) or more teachers at the same endorsement and licensure level are involved, the Board of Education will follow the following plan in the determination of the non-renewal of contracts.
2. Factors to be considered and index according to importance shall be multiplied by the points in each category.

<u>FACTOR</u>	<u>INDEX</u>	<u>POINTS</u>

3. In the event a teacher has his/her contract non-renewed because of a reduction in force, he/she will be extended certain reemployment opportunities. These opportunities are as follows:
 - a. For a period of one year, the teacher will be notified of any teaching vacancy that occurs in the District and in which the teacher is certified to teach.
 - b. It will be the responsibility of the teacher to notify the District of any address change during the one year period.
 - c. The teacher will be given the opportunity for a personal interview with the building principal where the vacancy exists and with the Superintendent of Schools.
 - d. Said teacher will then be given consideration along with other applicants for the job both from within and outside the District.

Section B. Early Termination of Contract / Breach of Contract

1. Teachers requesting release from their contract after the legal notification date will be obligated to reimburse the Board of Education if the release is granted. The reimbursement will be at the following rates:

<i>Day following legal notification date through June 15</i>	<i>\$500</i>
<i>June 16 through July 31</i>	<i>\$1000</i>
<i>August 1 through the completion of the contract year</i>	<i>\$2000</i>

In the event the district must utilize a collection agency or services of an attorney to collect the above late resignation fee, the educator will be responsible for the additional cost to the district. This charge may be waived by the Board if the request is based on emergencies deemed necessary by the Board.

2. Teachers who notify the board of education of a resignation or retirement will be paid the following compensation once all contractual obligations to the district have been met:

<i>Notification before January 1 of the contract year</i>	<i>\$750</i>
<i>Notification from January 1 to March 1 of the contract year</i>	<i>\$400</i>

Section C. Fair Dismissal

1. The Board and Association agree to the mutual benefit of a Fair Dismissal procedure for experienced teachers. This provision balances the relative security earned through an extended and successful probationary period with employer expectations of continued quality professional performance.
2. For the first three years of professional employment with the district, teachers are considered probationary and may be non-renewed prior to the statutory deadline for any reason except as protected by Constitutional or other nondiscrimination protections.
3. Starting in Year Four of teaching with the district, teachers shall have earned non-probationary status. At its discretion, the Board may formally grant non-probationary status to any teacher earlier.
4. Non-probationary teachers may be non-renewed for good cause, including any ground which is put forward by the school board in good faith and which is not arbitrary, irrational,

unreasonable, or irrelevant to the school board's task of building up and maintaining an efficient school system.

5. If the proposed nonrenewal is to be based on poor job performance, the district evaluation procedure shall be followed. The non-probationary teacher will be informed his/her performance is substandard and the full evaluation process will be utilized, including a measurable plan of improvement. The plan of improvement shall be collaboratively developed but the final decision on the plan rests with the principal.
6. If the nonrenewal is based on other reasons, including disciplinary factors or reduction in force, those separate procedures as outlined in the Agreement shall be followed.
7. If the non-probationary teacher is non-renewed, he/she shall be notified in writing by the principal or superintendent or by certified mail prior to the statutory continuing contract date. The notification shall include the reasons for the nonrenewal. The non-renewed teacher will have fourteen calendar days from the receipt of the letter to file a written request to the Board clerk for a hearing. Any evidence used to support the board's non-renewal decision which the board will use at a hearing shall be provided to the teacher within seven calendar days from receipt of the request for a hearing.
8. Within seven calendar days, the parties shall meet and select a mutually agreeable party to be the hearing officer. If that is not possible, the hearing officer shall be an arbitrator selected by alternately striking names from either the KSDE list or the AAA list.
9. During the hearing, the entire basis for the nonrenewal shall be proffered by the district. The teacher may challenge the district's evidence and present evidence in his/her own behalf. If, in the opinion of the hearing officer, more time and/or information is needed for an appropriate decision, it shall be allowed. Otherwise, the hearing shall be closed at the end of the presentations. The decision by the hearing officer shall determine whether to sustain or reverse the nonrenewal and reinstatement of any lost pay, and shall be rendered in writing to both parties within seven calendar days.
10. It is the intention of the parties that the decision be rendered prior to August 1 and all reasonable efforts should be made to accomplish that goal.
11. If the teacher prevails, he/she is reinstated in full. If the Board prevails, the nonrenewal is final. The decision is binding on both parties with no appeal.
12. The teacher shall pay for his/her expenses, including any witnesses and/or representation. All other expenses of the hearing shall be paid by the district.

ARTICLE XI. PROFESSIONAL EMPLOYEE APPRAISAL PROCEDURES

Section A. General Procedures:

1. All monitoring or observations of performance of a teacher shall be conducted openly and with the full knowledge of the teacher.
2. The evaluation forms must be signed by both the staff member and the evaluator. The staff member's signature indicates completion of the process, not necessarily concurrence.
3. A completed copy of the evaluation report is to be given to the staff member, and one is to be retained by the evaluator.

4. No material derogatory to a teacher's conduct, performance, character, or personality shall be placed in the personnel file unless the teacher has had the opportunity to review the material. The teacher shall acknowledge that he/she has had the opportunity to review such material by affixing his/her signature to the copy to be filed with the express understanding that such signature in no way indicates agreement with the contents thereof.
5. The staff member being evaluated may, but is not required to, react to the evaluation by completing the proper section on the evaluation or by submitting a separate report to the evaluator within a two week period.
6. A teacher shall have the right to review the contents of the personnel file and to receive copies at said teacher's expense. A teacher shall be entitled to have a representative accompany him/her during such review. A written release or waiver of confidentiality from the teacher is required to share information with appropriate participants in confidential matters.

At least once every two (2) years, a teacher shall have the right to indicate documents and/or other materials in the file which may be obsolete or otherwise inappropriate to retain. Said documents shall be reviewed by the Superintendent of Schools, or his/her designee, and if, in fact, they are obsolete or otherwise inappropriate to retain, they shall be destroyed.

7. Although the Board agrees to protect the confidentiality of personal references, academic credentials and other similar documents received prior to the teacher's initial employment, it shall not establish any separate personnel file which is not available for the teacher's inspection.
8. Each teacher will be notified as to which administrator(s) will be his or her evaluator(s) for the year.

IPDP goals will be developed collaboratively by both educator and administrator within the first 60 days of the school year. This plan will be reviewed by administrator and educator by the last contract day of the school year. *Note – Only the PDC may approve activities to be used for renewal of a license and is authorized to do so without regard to administrative recommendation or lack of recommendation.*

This means that all post-conferences are to be completed by these times, except in emergency cases such as sickness.
